

CyberAngels

A program of Guardian Angels
keeping it safe

Volunteering for CyberAngels

We would like to invite you to go to the CyberAngels Global Community (CAGC) at <http://www.cyberangels.org/community/> and join as a 'member of the Community'. There you can create a profile (tell us a bit about yourself !) and become an active participant by posting in the forums, creating a blog, and adding events. Your contributions here will help the Internet community at large, and give us a chance to get to know you and your skills and interests. Be sure to introduce yourself to Cybren - our Volunteer Coordinator.

All potential applicants to CyberAngels are selected from the CAGC based on their knowledge, skills and participation. After you have been a member for a month or two, please contact Cybren again and request to be reviewed for membership.

We thank you for your interest in helping to keep the Internet safe and we hope to see you in the Community!
